The Black Swan Impact Of

The Black Swan: The Impact of the Highly Improbable

The phrase “Black Swan” (arising earlier in the different context of Popperian falsification) is here defined as an event characterized [p xviii] by rarity, extreme impact, and retrospective (though not prospective) predictability, and Taleb’s thesis is that such events have much greater effect, in financial

The Black Swan: the impact of the highly improbable ...

The Black Swan: the impact of the highly improbable Nassim Nicholas Taleb Two contrasting summaries: Summary 1 This is an interesting read which is very abstract in nature The book has made me think in a very abstract way in looking at past events that happened and trying to work out if we could have known that this was to happen
